FAQ: DeLonghi ECAM 22.110

Q1: How often should I descale my DeLonghi ECAM

22.110?

A1: The frequency of descaling depends on your water hardness. The user manual usually provides guidelines, but generally, descaling every 3-6 months is recommended for areas with moderately hard water. If you have very hard water, you might need to descale more frequently.

Q2: What type of coffee beans should I use?

A2: The DeLonghi ECAM 22.110 performs best with freshly roasted, whole coffee beans. Avoid pre-ground coffee as it loses its aroma and flavor more quickly. Experiment with different roasts and origins to discover your preference.

Q3: How do I adjust the grind size?

A3: The user manual will detail the specific method for adjusting the grind size on your DeLonghi ECAM 22.110. Typically, it involves a dial or button that allows you to select a finer or coarser grind. Experiment to find the perfect grind for your beans and desired coffee strength.

Q4: What do I do if my milk frother isn't working properly?

A4: First, ensure you're using enough milk and that the milk frother is clean. Check the user manual for instructions on cleaning the milk frother and troubleshooting potential issues. If the problem persists, contact DeLonghi customer support.

Q5: Where can I find replacement parts for my DeLonghi ECAM 22.110?

A5: Replacement parts for the DeLonghi ECAM 22.110 are often available through DeLonghi's website, authorized retailers, or online marketplaces. The user manual may contain contact information for parts suppliers.

Q6: How do I clean the brewing unit?

A6: The user manual will provide step-by-step instructions. Typically, you'll remove the brewing unit, rinse it thoroughly with water, and allow it to dry completely before re-inserting it

into the machine.

Q7: What should I do if my machine displays an error code?

A7: Refer to the troubleshooting section of the user manual. This section usually lists common error codes and their corresponding solutions. If you can't resolve the problem yourself, contact DeLonghi customer service.

Q8: Can I use decaffeinated coffee beans?

A8: Yes, you can absolutely use decaffeinated coffee beans in your DeLonghi ECAM 22.110. The brewing process remains the same.
