Before using your Philips SHC2000, consult the included physical manual for detailed safety instructions. Ensure the clipper is fully charged. Here's a basic guide:

1. **Choose your comb:** Select the comb attachment that corresponds to your desired hair length. Align the comb securely onto the clipper head.
2. **Prepare your hair:** Comb your hair thoroughly to remove any knots or tangles. Dry hair is generally easier to cut.

4. **Maintain even pressure:** Avoid pressing too hard on the clipper, as this can cause uneven cuts and potentially damage the blades.
5. **Check your work:** Regularly check your work to ensure evenness. You may need to make adjustments to achieve your desired look. Use a mirror to aid in seeing hard-to-reach areas.
6. **Clean the clipper:** After each use, clean the clipper and attachments with the provided brush and/or water, according to the instructions in your Philips SHC2000 manual.
